

## Obtain Locking and Review Software License

Daniel Nguyen - 2018-06-11 - Comments (0) - How To's

Following are instructions on how to obtain the key locking code and renew your software license:

- Go to C:\SC50\Drivers\ or C:\IOIQ\PSOx.y\Tools\ depending on your installed Process Safety Office® version and then launch the FieldExchange utility. While the key is attached to the computer, click on the “Get Locking Code” button.
- E-mail the locking code to [support@iomosaic.com](mailto:support@iomosaic.com)
- ioMosaic support will e-mail you back a license key number
- Launch the Field Exchange Utility, enter the license number, and click on “Update License” button.
